

How to use Coloured Crystals FUNKY TANK

Step #1
Start with a clean tank or bowl.

Step #2
Pour Crystals into a clean bucket.

Step #3
Add water.

Step #4
Swirl Crystals back and forth like a washing machine then strain out the water.

Step #5
Add the clean crystals to your tank.
Note: If you have a large tank place it where you want to keep it before you add Crystals.

Step #6
Level out the Crystals.

Step #7

Place Tank or Bowl where you want to keep it.
Add more Coloured Crystals, plants and Props.

Step #8

Add water.

Note: Don't pour your water directly onto the
Crystals as they will move around.

Step #9

Leave to settle then
Add your Fish!

Now you have a
FUNKY TANK
